### His Judicial Power Did Landis De- clares Court

#### TEXT OF THE DECISION

#### Case Will Be Retried Per- haps in Another Dis- trict by Landis

#### Greatest Interest Manifested in Judge Grosscup's Mastery Finding—Victors Silent.

Chicago, July 23.—Although the United States Circuit Court of Appeals yesterday reversed and remanded the case of the Government against the Standard Oil company of Indiana, in which Judge Landis in the District court had imposed a fine of \$29,240,000, the Government forces will continue the legal battle. The government has 30 days within which to file a petition for a rehearing, and it will be filed within the allotted period.

Judge Grosscup's opinion leaves little of the contention that the shipment of each car load at the six-cent rate constituted a separate offense. Even the shipments, of which there were about 500, could not be considered under the ruling of the court. The fine should have been based on settlements between the railroad and the oil company. Of these there were just 35. The maximum fine on this basis would amount to but \$720,000, and the minimum, \$25,000.

In the event a rehearing is denied the government may go to trial on the original indictment containing 1,462 counts—an action which District Attorney Sims could be ready to take within two weeks—or upon any one of seven other indictments containing 4,422 counts.

As a vast amount of work has been done on the case just decided, it is not likely that an entirely new case will be instituted.

The record of the present case contains over a million and a half of words and is estimated to have cost the government \$200,000.

Another move which may be made by the Federal authorities is to transfer the prosecution from this jurisdiction either to the Western New York District or the Eastern Tennessee District. In these two districts the government investigation led to indictments containing about 2,000 counts against the Standard Oil company.

That portion of the decision epitomizing the attitude of the court was as follows:

"Counsel for the government say in concluding their brief that the Elkins act was passed because the peace of society and the welfare of the people demanded it; that railroad inequality means business ruin to all except those powerful enough to make themselves the beneficiaries of the discriminations; means the wiping out of the industry of a town, of a city, at the command of officers of a private corporation; that railroad inequalities are the basis of monopoly and the wrongful obtaining of wealth."

"No law of more vital importance was ever passed by Congress; and that those guilty of violating it are guilty of a serious crime against the principles of industrial freedom and equality. Every sentence of this arraignment is true. That this court recognizes the importance of the enforcement of that act is shown in its affirmation of penalties that under other circumstances would be regarded as very severe. But the Interstate Commerce Commission act, important as that law is, is not the only law under which we live. We live under a guaranty that reaches back to the beginning of our law, and is securely planted in every constitution of civilized government that no one shall be punished until he has been heard, and above this fundamental guaranty there can be set no higher prerogative; for let it once come to pass that under the stress of enforcing equality, any power in the government may override the fundamental rights of being judged only after having been duly tried—a right just as essential in the associated relation of the corporation as to men in the relationship of copartnership or to men individ-

ally—there will remain no commerce worth the name to safeguard. "The beginning of commerce is constitutional government and the foundation of constitutional government is the faith that every guaranty of our institutions, no matter what the provocation, will be sacredly observed."

The courtroom was crowded with lawyers and newspaper men when Judge Grosscup, accompanied by Judges Baker and Seaman, took their seats. Judge Grosscup did not read the document, merely referring to it by number and stating that the case had been reserved and remanded.

There was jubilation among the Standard Oil lawyers, who declare that the decision had been expected, while the government attorneys went quietly to Mr. Sims's office to study the document.

The whole proceedings occupied only a few minutes.

"There are 189 assignments of error taking up 67 pages of printed record. In view of the conclusion, however, to which we have come, it is unnecessary to review many of these assignments—the one reviewed covering all the propositions that we deem necessary for the guidance of the District Judge in the event of a second trial. Comprehensively stated, the assignments of error which we shall review relate:

"1. To the view adopted by the Trial court carried out in its rulings on the admission and exclusion of evidence and embodied in its charge to the jury that a shipper can be con-

## WOLF MAY FACE CHARGE

#### TRIANGULAR MATRIMONIAL AFFAIR AT BAINBRIDGE NOT YET ENDED.

#### Action for Alimony Withdrawn and Miss Malone May Ask Support of Child.

Chillicothe, July 23.—Another chapter was added to the Benner-Malone sensation of Bainbridge yesterday when Mrs. Benner Wolfe, who only Monday night filed an action here against Wolfe for alimony, charging him with living with Miss Malone, the woman he had proclaimed as his wife, and with whom he lived after marrying Miss Benner in Cincinnati until relatives took Miss Malone away, came to this city and withdrew her suit. She and "her Elmer" have made up, and they will live with her mother in Bainbridge.

A civil action will be filed against Wolfe, probably Thursday, by Miss Malone for part of his estate to support her child, and also for damages for breach of promise. A criminal action will be filed later.

#### KILLED MAN'S WIFE.

Louisville, Ky., July 23.—Phillip Hans, age 22, shot and killed Arthur W. Kraft and probably fatally wounded Mrs. Kraft today. Hans met the couple as they were on their way to spend the day with Mrs. Kraft's mother and shot them down without warning. The police are searching for him. Hans has been trying to force his intention on Mrs. Kraft.

#### TWO BURNED TO DEATH.

Cleveland, O., July 23.—Theresa Jarasky, aged 8 and Florian Jarasky, 7, were burned to death early today in a fire which destroyed the home of James Jarasky. Lillian, aged 5, was fatally and Jarasky himself seriously burned. The mother and two other children escaped uninjured. Jarasky was burned trying to save the victims, who were asleep on the second floor.

#### SOCIETY LEADER'S SON IN CUSTODY

New York, July 23.—John A. Van Rensselaer, the eldest son of Mrs. John King Van Rensselaer, of Newport, and a member of one of New York's oldest families, who was arrested charged with threatening his mother's life unless she agreed to give him \$5,000, was committed by

Magistrate Corrigan in the Center street police court to the psychopathic ward of Bellevue hospital for observation to determine his mental condition.

When the prisoner was arraigned in court, after a night in police headquarters, no one appeared to enter a complaint against him.

### Desperadoes Shoot Up Old Boston Last Night

#### ONE SHOT BY POLICE

#### They Killed Two Men and Wounded Score More and Escaped

#### Three Hundred Officers and Many Citizens in Thrilling Man Hunt.

Boston, July 23.—One of the desperadoes who shot up the city last night was killed by the police early today after a thrilling man hunt. Two other desperadoes are still at liberty, however, and are being hunted by policemen.

The killing occurred after three hundred officers had spent the night guarding the cemetery in which the desperadoes took refuge after exhausting their ammunition. Snapping his empty pistol in the face of his pursuers, the desperadoes fell with 20 bullets in his body. Another man was captured but proved to be an innocent spectator and was released. Before today's shooting the bandits had been responsible for the death of two men, fatal injuries to two more and the serious wounding of several others.

The dead men and the two at liberty, Tuesday night entered a saloon in Jamaica Plain, a Boston suburb and opened fire, killing one man and wounding two. The bandits then concealed themselves in Franklin Park and several hundred police and detectives spent all day yesterday looking for them, but in vain. Yesterday they shot and killed the cemetery watchman. They disappeared until early in the evening when they ventured out and upon discovery, opened fire upon everybody in sight. They mortally wounded a trolley car conductor and wounded a policeman and seven other people, one of them a woman. Then they escaped into the cemetery.

#### TWO BURNED TO DEATH.

## CENTRAL FIGURES IN NEW YORK SENSATION

New York, July 23.—Unable to obtain a bondsman to furnish \$5,000 bail, Mrs. Ben Teal, wife of one of the best known stage managers in America, passed four hours a prisoner in the Tombs. She is charged with complicity in an alleged plot to manufacture spurious and perjured testimony against Frank J. Gould in the divorce suit brought against him by his wife.

In worse plight is Miss Julia Fleming, a seamstress and companion employed by Mrs. Teal in so close and confidential a capacity that she had

several times accompanied the latter to Europe. Miss Fleming and Henry S. Mausley, a private detective, had been arrested, in the apartments of Mrs. Teal, in the Wyoming, Seventh avenue and Fifty-fifth street, as the result of a trap laid for the alleged conspirators by the district attorney's office, acting in harmony with Miss Mabel D. MacCauslan, who, it is averred, was to have been used as the chief instrument in the deception.

Mausley gave bail immediately, but Miss Fleming had to remain all last night in the Tombs.

Mrs. Teal said to Miss MacCauslan: "You know that I submit my apartment in the Glenmore to Miss De Voe. Now, Mrs. Gould is suing her husband for a divorce and he has been calling on Miss De Voe at the Glenmore. The stronger the evidence is against Mr. Gould the more alimony Mrs. Gould will get. You have been in my apartment in the Glenmore while I occupied that apartment, and you know the arrangement of the rooms."

At this point Miss MacCauslan swears, she described the rooms and Mrs. Teal exclaimed: "That's right; you're just the one we want."

The squad was given doses of the preservative for twenty days in quantities varying from one gram per day to 2.5 grams. The twelve subjects were variously affected. Several were taken sick; all lost weight; most of them suffered a reduction in blood corpuscles and nausea was a frequent occurrence.

New York, July 23.—Mrs. Elizabeth Clark Potter, widow of Bishop Henry Codman Potter yesterday requested the Episcopal authorities in this city to arrange for private services Friday at her country home, Fernleigh, near Cooperstown, N. Y.

At the diocesan house, No. 416 Lafayette street, Archbishop George F. Nelson said that he had received such a request from Mrs. Potter.

It is expected that only a few representatives of the church will be present, together with relatives and immediate friends of the family. The hour for services Friday will be decided upon by Mrs. Potter.

In regard to the public funeral for Bishop Potter in this city Dr. Nelson said:

"Arrangements for a public funeral for the Bishop have not yet been considered, and nothing will be done until Mrs. Potter is consulted."

Atlanta, Ga., July 23.—"I think it is abominable the way John D. Rockefeller is traduced. We all know he is not the demon he is painted," said Dr. John E. White at the meeting of the Atlantic Baptist ministers.

Dr. White has gone to Cleveland to tell Mr. Rockefeller that the other ministers cheered his defense of the oil king.

"We are not in sympathy with the Standard Oil," said Dr. White, when the cheers had died down, "we are aware that Mr. Rockefeller has always been a good Baptist and a good philanthropist and he deserves our appreciation for what he has done for the church and for education."

Dr. White will supply in Rockefeller's Euclid Avenue church in Cleveland during the vacation of its regular pastor.

Stroudsburg, Pa., July 23.—The huckleberry crop is being gathered this year under most peculiar conditions. Extra nice specimens of berries are roaming around, insisting on visiting the huckleberry region John Bellis shot at two on his farm last evening, and nearly every day huckleberry-pickers report seeing bears, sometimes' whole families of them.

For a farmer to see a bear passing through his fields is nothing uncommon. And there are threats to shoot-Bruin, law or no law.

## DETAILS

### Of Death of John Kilpatrick at Saginaw Sunday Night

#### DECK HAND ON BOAT

#### Head Caught Between Piles and Sides of Big Boat

#### Body Was Ready to Go to Medical School When it Was Identified.

Although it is not certain that the John Kilpatrick that was killed at Saginaw, Mich., at midnight Sunday, is a son of Mr. and Mrs. Hugh Kilpatrick of this city, yet from papers found upon his body and from what he had told friends at different times identification is almost complete.

The Advocate is in receipt of a telegram from Saginaw giving the details of the killing which was not witnessed by any person. Kilpatrick was killed at Saginaw, about midnight Sunday, July 19, while on board the steamer "Flora" on which vessel he was employed as a deck hand.

The "Flora" runs between Cleveland and Saginaw and this was Kilpatrick's first trip on her. He shipped at Detroit last Thursday under the name of Frank Kennedy and little was known about him by the people on the boat.

When Kilpatrick was killed the boat was just passing through a swinging bridge a short distance from the dock, and just as she passed through Kilpatrick stuck his head out of the midship gangway on the left hand side of the boat.

His head was caught and crushed and his skull fractured by a pile under the Pere Marquette bridge, and he died instantly. No one witnessed the accident and it was probably some time before his body was discovered. The body was returned to Saginaw and was placed in a morgue where it has since lain.

The officers supposed Kilpatrick, or Kennedy as they knew him, had relatives in Detroit and for several days they tried to locate relatives in that city until a chance clue put them on the trail of his Newark relatives.

The father of Kilpatrick was seen this morning by an Advocate reporter and he said that since the body might not be that of their son it would not be brought to Newark for burial and that the authorities of Saginaw would look after the remains.

A special to the Enquirer from Saginaw says:

After laying in the morgue here three days the body of a man known as Frank Kennedy has been identified as that of John Kilpatrick, of Newark, Ohio. The authorities were on the point of sending the remains to Ann Arbor for se by the University of Michigan Medical college.

#### EVEN THE DOVE HAS AFFINITIES

Chicago, July 23.—At one fell swoop, Prof. W. W. Craig of the University of Maine has destroyed that romance which has been woven about doves and pigeons as examples of all that is gentle, faithful and lovey-dovey. Instead says Prof. Craig, in the current number of the Journal of Sociology, the female dove lacks coyness, is a flirt and even is known to have "affinities."

Prof. Craig has spent years studying doves and dove language. They are much like primitive peoples, according to the professor. They grow, court or woo their sex opposites, may marry, settle down, raise families, have their social settlements and family trees and have their marital troubles. Constancy, however, is none of the attributes of the dove nature, according to the writer.

# THE NAUGHTY GNOMES AND JACK-AND-THE-BEANSTALK

1.—In the Magic Wood there stood a great Rock too steep to climb. On the top dwelt a fierce giant in an enchanted castle. Now, Jack-the-Giant-Killer had planted a fairy bean at its foot which grew up to the top in a single night! The Naughty Gnomes happened along the next day just as Jack was preparing to climb up to the Giant's castle.

2.—"What kind of vine is that?" asked Lop-Ear, the curious one. "That is my fairy Bean-Stalk!" replied Jack, "and I am now going to climb up to the Giant's castle and steal the Magic Harp that plays itself and the Goose that lays the Golden Eggs!" "Can we go too and see the fun?" asked both the Gnomes together. "No, indeed!" said Jack, "the Giant would gobble you up in a minute; wait till I come down, but don't meddle with anything."

3.—Up he started and the Gnomes watched him until he was nearly to the top. Then said Lop-Ear, who was forever meddling:—"I wonder what he is going to do with the axe? What is the use of waiting till he comes down, and besides, the Giant may eat him, and what good would the axe be to him then! I'm going to see if it's sharp enough to cut anything." Well—

BETTER HURRY, LOP-EAR! I THINK I HEAR SOME ONE RINGING FOR THE ELEVATOR!

I HEAR A BIG NOISE!

LOOK OUT BELOW!

HONK! HONK!

4.—Lop-Ear took up the axe and began chopping away at the Bean-Stalk. Just as it began to tremble and sway they heard the Harp playing and the Goose squawking and they knew Jack must be starting to come down the Bean-Stalk. They knew they'd catch it when Jack saw what they had done, so—

5.—They started to sneak away. But Jack, who had quickly slipped down the vine carrying the Harp and the Goose before it fell, cried out to them to run because the Giant was coming down also and coming in a hurry! You may be sure they did not wait to hear any more, but started for home on the gallop. When—

6.—BANG!!! Down came the Giant, Bean-Stalk and all, right slap beside them! Well! That was the most terrifying experience they had ever had in their lives. They managed to escape somehow—it gave them such a fright that they dreamed of the terrible Giant every night for a whole week!

## Mr. Hermann Returns.

Mr. George Hermann, who was a delegate to the national meeting of Elks in Dallas, Texas, has returned home. He is very enthusiastic over the treatment accorded the Elks by the people of Dallas. He thinks there is a great future in store for Dallas.

## Many Berry Pickers Out.

The berry pickers have been quite numerous this season on account of work and money being scarce. The poorer class could not afford to buy the berries and they went to the country every day, many of them going to the vicinity of Hanover and Blank Hand where the berries were in abundance.

## Entertained With Dinner.

Mr. and Mrs. W. F. Kenny, of New York, who have been visiting Mrs. Kenny's mother, Mrs. D. Hickey, at the Sherwood, returned home Thursday, leaving at noon, over the Pennsylvania. They were accompanied by Miss Agnes Hickey, of Clay Lick, a cousin of Mrs. Kenny, who will pay them an extended visit before their departure. Mr. Kenny entertained a number of his friends and acquaintances at dinner at the Sherwood, Wednesday evening.

## To Attend National Meeting.

Mr. and Mrs. M. P. Ashbrook, of Hamilton, left for Cincinnati on the 9:05 Pennsylvania train, Thursday morning, and will go from there by boat to Louisville, Ky., where they will attend the national convention of the Order of Gideons, of which Mr. Ashbrook is state secretary and treasurer, and a national trustee. The convention lasts from the 24th to 26th, and after leaving Louisville, Mr. and Mrs. Ashbrook will spend Monday at Mammoth Cave, returning home Tuesday.

**INTERURBAN**  
Hits Auto of Granville Man But Occupants of Machine are not Injured.

John Hulshizer and family, of Granville, narrowly escaped death last night while returning to Granville in their automobile, when they attempted to cross the tracks in front of an interurban car bound from Newark to Granville.

They were riding at a fair rate of speed and when at the crossing commonly known as Crook's corners they saw the car approaching. Thinking they could safely cross, Mr. Hulshizer shoved down the high speed lever but the oncoming car struck their machine a glancing blow.

The front of the machine was badly battered and the axle bent but a stroke of good fortune kept the machine from turning over and perhaps crushing the occupants. Though badly frightened none of the people in the auto were hurt.

The way of the transgressor may be hard but he can generally afford pneumatic tires.

Wheeling Register: Republican  
leaders are voicing a great deal of  
optimism about the good times coming.  
The way to inspire optimism in the  
idle workman is to post  
notices in the mills ordering him to  
return to work.

Who caused the disappearance of  
this prosperity that Republicans are  
now making so much ado over on ac-  
count of its alleged return?

That full dinner pail, which was the  
Republican slogan for the last two  
Presidential campaigns now being  
empty, the thousands of workmen  
who have been idle these many  
months will not be so easily deluded  
in the present campaign.

Philadelphia Record: It would be of  
some interest to learn the names of  
the New York business firms that are  
alleged to have insured themselves  
with the Lloyds against the election  
of Bryan. If there be any such it is  
ten to one that they will be found to  
be promoters of wormy corporations  
or Wall street speculators.

We have audited the books and accounts of The Franklin National Bank of Newark, Ohio, making such audit without previous notice to any officer, director or employee of said bank.

We have verified, by actual count, the cash on hand and securities held as investments or deposited as collateral for loans; we have examined all loans, notes, etc., and have reconciled all balances due to or from other banks by obtaining from such banks, statements of account; and certificates as to balances.

All pass books brought in and balanced during our examination were compared with the bank records and found correct, and all certificates of deposit were verified from original records, and a thorough test made of such records by comparison with certificates surrendered and canceled.

The general and subsidiary books and records were proven and found to be in balance.

WE CERTIFY that the statement of Resources and Liabilities shown above, correctly states the financial condition of The Franklin National Bank of Newark, Ohio, at the close of business, July 6, 1908.

Hot Springs, Va., July 23.—"There is nothing I can say regarding the overruling of Judge Landis in the rebate case," said Judge W. H. Taft, when the substance of the decision in the Standard Oil case was made known to him.

## BRYAN, TOO, IS SILENT.

Fairview, Lincoln, Neb., July 23.—Not in some time has the news of such importance reached here as that containing the announcement from Chicago of the fine of \$25,000,000 imposed upon the Standard Oil company by Judge Landis had been set aside by the appellate court. W. J. Bryan, when apprised of the decision, seemed astonished and was eager to know the grounds upon which it was based. He would not, however, permit himself to be drawn into a discussion of the case.

## NO WORD FROM J. D.

Cleveland, O., July 23.—At Forest Hill it was stated that Mr. Rockefeller was absent when the telegram arrived announcing that the Standard Oil decision handed down by Judge Landis had been reversed and the case remanded for new trial. Mr. Rockefeller's secretary said it was very doubtful if he would make any comment on the action of the court of appeals.

## MR. BONAPARTE'S COMMENT.

Lenox, Mass., July 23.—On being told of the decision in the Standard Oil case, Attorney General Bonaparte said: "A suit of such importance certainly ought to be submitted for final decision to the supreme court of the United States. But since the court of appeals has decided, this cannot now be done. There is no good reason of justice or public policy why there should not be an appeal from this decision by the United States. But the statutes permit none. I think this gives an unreasonable and unfair advantage to the wealthy defendants in such cases, and I hope the defect in the law will be remedied at the next session of congress. I shall be much surprised if this case is not retired."

## WILL INCREASE CAPITAL.

Chicago, July 23.—Bankers, who have close affiliations with the Standard Oil company, say that that organization will soon announce an in-

crease in the capital stock of \$100,000,000 by \$500,000,000, making a total of capital stock of \$600,000,000, so large.

There will be added from the earnings of the fiscal year about \$4,000,000 to the organization's surplus. It was given out that the large increase in capital is a diplomatic move in order that the dividends may not look so large.

## WORK STILL PROGRESSING

ON OLD CANAL AND FIFTH ST.  
BRIDGE HAS BEEN RE-  
MOVED.

State Has Taken No Legal Action  
and May Pass it up En-  
tirely.

The twenty teams and about thirty workmen continued work at the canal on Fifth street, Thursday, and in the afternoon removed the bridge spanning the stagnant water. This is the first serious step toward the ultimate abandonment of the old canal, and will probably be followed in time by a complete filling of its banks within the city limits.

As yet, the state board has taken no action against the city for its movement in filling the canal and removing the bridges, and it is a question in the minds of city officials and private citizens whether any action will be taken. If it is, the city will have the satisfaction of knowing that one street, at least, is rid of the nuisance.

## AMUSEMENTS

### AUDITORIUM THEATRE.

Today all pictures were changed. For those who like comedy, "A Madiac Juggler," "Enchanter Glasses," and "Seek and You Shall Find Trouble," will prove interesting and afford a good hearty laugh. Other good subjects are "Indian Friendship," "Toothache," "Bear Hunt," etc., and those that have seen Vesta Tillov and Eva Tangany say the imitations given by Miss LeOra Vennet this week are excellent, especially the song "I Don't Care." Saturday matinee, all children will be given an aerial balloon. Commencing Monday the Morecoor Talking Picture company of six people, will be at the Auditorium. Talking pictures are the nearest thing to a real play.

### IDLEWILDE.

Tonight at Idlewild park Casino the Graham Stock company presents "A Midnight Marriage." For Friday and Saturday night and Saturday matinee "Lady Audley" will be the bill.

The most active years of railway construction in the United States were in 1882, when 11,569 miles were added to the operated railroads, and in 1887, when the increase was 12,867.

## GROSSCUP MAY LEAVE BENCH

Chicago, July 23.—Announcement is made today on good authority that the early retirement Judge Peter S. Grosscup from the federal bench is the reason for the quick decision in the Standard Oil case, which created such a sensation yesterday. His resignation probably will come in the fall. Judge Grosscup has desired to return to private practice for a long time. Many tempting offers have been made to him to re-enter private practice, one being from James J. Hill to take up the Northern securities case.

## BOND

Sale Confirmed By Attorney of Out-of-Town Buyers.—Will Be Signed at Once.

City Auditor Mamarath was notified today that the sale of the bonds to the aggregate amount of \$123,000 that was recently held, has been confirmed by the bond attorneys for the out-of-town bond buyers.

So soon as they have been signed by the mayor and the city auditor and entered upon the sinking fund records they will be forwarded to their purchasers.

### HUNTING WORK

### IS A HARD JOB

"One Sunday night I told a hundred men that the reason they had no work was, that they were loafers and didn't want work," says Alexander Irvine in the August McClure's, in writing of Bunk-houses and Bunk-house men. "This was in accordance with my theory—the prevailing theory—that poverty is the child of sin, the lack of work is the fruit of shiftlessness. I offered to change clothes with a man in the house, and to go out in the world and show him how to get a job. The challenge was accepted instantly—by an Irishman."

"From the 'want' columns of the morning papers we selected a few bits of labor bait. We ran them down, failed to find anything, and turned to the shops and factories on the West Side. The answers were monotonous. 'Full up,' they said. In one place, I remember, I said, 'For God's sake.' The superintendent laughed and waved us away."

"The hardest work, for sure, is no work at all, at all," said my companion, by way of sympathy. "Becoming desperate by mid-afternoon, Mr. Irvine went to a drug clerk and got five cents' worth of oxalic acid on a credit."

"Oxalic acid eats away rust. If I had five cents' worth, I could make a dollar an hour—I know I could," he said.

"After he had succeeded in making enough money by cleaning signs to meet their temporary needs, Mr. Irvine asked his companion what he thought of the scheme."

"Well, it takes to do that trick what most of us haven't got; it takes brains, sor—ut takes brains!"

"Why don't you have brains, then?"

"He looked dumbly at me, and hung his head."

"I dunno—I dunno," he muttered.

### IRON TRADE REVIEW

Cleveland, July 23.—The Iron Trade Review today says:

The improvement in the marketing of iron and steel products is coming slowly and without the accompanying spectacular features attributed to it by over-zealous optimism. The graduations of change from week to week are not large. Though it is not an uncommon expression of belief among iron and steel men that the point of least activity has been passed, there is no disposition to conceal the expectation that the industry has yet to go through a long and severe process before accustomed vigor has been re-established.

Much of the business that is sustaining the operations of the mills at the present time is in the shape of small orders, which under normal conditions might have been overlooked in the rush for the larger contracts. Bright spots may be found in more directions than appeared 30 days ago, but much that is unsatisfactory still obtains. The agricultural prospect continues bright, and in its effect on the wire products trade, bars, car repairing and pig iron specifications, is responsible for substantially improved conditions.

## LARGE TRACT

## TIMBER LAND

## SOLD BY B. & O.

CORPORATION WILL BEGIN DEVELOPMENT OF PROPERTY AT ONCE.

Said That Railroad People Received Two Millions for the Property—Valuable Timber in Tract.

What is said to be the largest single sale of timber land in the history of West Virginia has been made by the Baltimore and Ohio Railroad company to a corporation which will at once begin development. The purchasing company has mills at Ridgeway and at Camden-on-the-Cauley, within reach of the tract. The combined capacity of the mills is 350,000 feet a day. Two million dollars is the reported price paid for 200,000 acres of hard wood, chiefly virgin forest, containing yellow poplar, cherry, oak, maple, birch, ash and many other valuable woods. The land lies in a mountainous region drained by northeastern tributaries of the Great Kanawha, which empties into the Ohio about 300 miles from Pittsburgh. It is one of the largest and most valuable bodies of hardwood timber remaining in the Appalachian region. Many of the mountain ranges which cross the tract are from 2,000 to 4,000 feet high and covered to their summits with rich forests.

North of this tract, but drained by the same streams lies another holding of 129,000 acres, recently secured by a pulp company. This is covered with spruce and hemlock, with many patches of hardwoods. Development of the property, it is said, will begin in the immediate future. The two bodies of land, lying in the same region, aggregate more than 500 square miles of primeval forest about to be turned into marketable products.

The stripping of the forest cover from a region so large and so mountainous will be watched with interest by those who study the effect of the soil cover by low stream flow. The rainfall over the region is very heavy, more than four feet annually. Snow six feet deep on the timbered mountains while not usual is an occasional occurrence. Fire is sure to follow the usual method of lumbering, and unless this region is more fortunate than lumbered tracts in that part of the Appalachian region many of the summits and sides of the mountains will be laid bare down to the soil and rocks. The rainfall and melted snow, which are retarded by the forests, will then pour down the naked slopes and cause destructive floods in the lower streams, and low water will follow.

West Virginia is one of the states which have taken no measures to protect their valleys from floods by preserving the forests on the mountains. Its woods are being cut and burned more rapidly perhaps than those of any other state, and this in face of the fact that it is by nature a forest state, with soils and situations suited to almost all eastern timber trees. It might perpetuate its forests and have woods of immense value always. A little protection against fire, the leaving of small trees to form the future forest.

This woman says she was saved from an operation by Lydia E. Pinkham's Vegetable Compound.

Lena V. Henry, of Norristown, Ga., writes to Mrs. Pinkham:

"I suffered untold misery from female troubles. My doctor said an operation was the only chance I had, and I dreaded it almost as much as death."

"One day I read how other women had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it. Before I had taken the first bottle I was better, and now I am entirely cured."

"Every woman suffering with any female trouble should take Lydia E. Pinkham's Vegetable Compound."

#### Car Famine is Likely.

Agents of the Pennsylvania, Baltimore and Ohio and the Vanderbilt systems have received urgent orders to hunt for box cars. With the increasing demand for cars of these coke and coal hauling roads have discovered that the thousands of box cars required for the fall business are in the west, preparing for the grain haul. A famine in box cars in this district will result within a few weeks, say railroad officials.

#### Roads Selling Junk.

Preparatory to entering the market for new material, several of the larger railroads have asked for bids on scrap iron. The Pennsylvania Railroad company has received bids for the sale of 44,000 tons of old rails and 8,000 tons of scrap iron.

#### Business, Picking Up.

Railroads operating east out of St. Louis and Chicago, report a steadily increasing volume of business. The increase is quite general. They are of the opinion the roads will, in a few days, have no occasion to complain of their volume of freight.

#### Many Telephones in Use.

Of the 20,000 telephones in use on railroads in the United States fully one-half are on the Pennsylvania lines and their employment for train handling has been found reliable and appears likely to increase. The New York Central is also using this method on Albany and Poughkeepsie, a distance of forty miles.

#### Many Women Traveling.

A passenger official, in speaking of travel, said that to his surprise there is now a larger number of women traveling than in the history of their line, and he was unable to account for it.

#### Work at a Standstill.

Work upon the big yards of the Pennsylvania at Hazelton remains at a standstill. All grading has been completed and everything is in readiness for the laying of ties and rails but it is not given out when this work will be started. The extensions under way at these yards will afford a total storage capacity of 3,000 cars, it is said.

To accommodate a number of local Republicans who are planning to go, the Panhandle announces a special excursion rate to Cincinnati on account of the official notification of Judge Taft there on July 28. The rate is \$1.50 and tickets will be on sale July 26 and 27, good returning July 29.

The railroads that fail to comply with the federal safety appliance law are to be punished rigidly from this time on, is the announcement from the attorney general's office.

Mr. Clark O'Dowd, who has been off duty during the past five months, suffering with a serious attack of appendicitis, has recovered sufficiently to return to work.

S. B. Allison, a shop employee, who was badly injured some time ago while at work, is now reported as rapidly recovering and will soon be able for work.

Conductor F. B. Price is suffering with rheumatism.

Walter A. Reel, a well known B. & O. machinist, who has been off duty for some time with an injured hand, has recovered and has returned to work.

Albert Bickel, a shop employee, who had one of his feet injured some time ago, is still unable to return to work.

After having been off with an injured hand for some time, Machinist H. M. Huffman has returned to work.

Conductor J. W. Becks, who has been off duty for some time, suffering with a severe attack of rheumatism, has returned to work.

Conductor W. H. Swan is on the sick list.

Brakeman A. G. Baxter, who was the misfortune to injure his back

some time ago, has recovered and has been marked up for service.

Conductor M. B. Woodward is suffering with heat prostration and is unable for work.

George Coman, a locomotive inspector, after having been off for several weeks on account of an injured leg, has been marked up for service.

Thomas Minkwitz, a well known blacksmith, has returned to work after having been off for some time on account of a badly burned leg.

Walter C. Johnson, a B. & O. pipe fitter, who had one of his fingers badly injured a few days ago, has recovered and has O. K'd for work.

Official announcement has been made that for the present at least electricity will not be used in the operation of the Baltimore and Ohio between Butler and Kane, Pa.

S. M. Lyon, Panhandle auditor, with headquarters in Pittsburgh, was in the city Wednesday on business connected with the road.

The annual picnic of the employees of the Panhandle railroad is being held at Rock Springs, W. Va., today. As the picnic is open to the public this year it is estimated that fully 10,000 persons are in attendance.

A big train loaded with fully five hundred excursionists from Cambridge and points along the Baltimore and Ohio railroad, passed through Newark at 6:15 o'clock Thursday morning, en route to Cedar Point.

### MISSING CHECK

### CAUSES TROUBLE

Frank P. Copper Charges That Order for \$400 Disappeared With Agent Tammage.

Developments in the alleged shortage in the office of the B. & O. and Ohio Southwestern railways at Columbus which will place the responsibility for the missing \$1,200, are expected hourly.

Yesterday District Passenger Agent Frank P. Copper made a specific charge against former City Ticket Agent W. W. Tammage, stating that the day that Mr. Tammage left the office and became ill a check for \$400, which had been paid him by a theatrical company for transportation, disappeared. Mr. Copper states that after discovering that Tammage had cashed the check, he went to the sanitarium where he was confined, in an effort to recover at least some of the cash, but Tammage said that he knew nothing of it. The latter accuses his chief of destroying the expense book, but Mr. Copper says that he has it locked up in his desk and will produce it when the times comes. A representative of the bonding company will be in Columbus, either today or tomorrow, when he will make an effort to straighten out the tangle.

## ROBISON IS ARRESTED FOR CHECK DEAL

**BOLD ATTEMPT TO FLEECE FOREIGN EXCHANGE BANK WITH BAD CHECK.**

**Nervy Man Bluffed His Way Until He Succeeded in Making His Escape.**

Perry Robison, whose people are said to live in Columbus, is accused of having tried to pass a bogus check for \$3 at the Hungarian-American Exchange bank, on South Second street, Wednesday morning. Robison was captured at Hanover and brought to this city by the police, Wednesday afternoon. His case will be heard by Mayor Atherton Thursday afternoon.

Robison is reported to have gone into the bank early Wednesday morning and presented the check payable to himself under the name of C. Harrie Bryant—a romantic name indeed. The check was written with a lead pencil on a blank from the Franklin National bank. The words "Franklin National" were scratched over and "Licking County" substituted. Mr. Cucu, clerk of the bank, informed the man that he would have to be properly identified, going out and returning within a few minutes accompanied by Mr. Allen, a saloonist next door to the bank. Allen, not knowing it is supposed, that Robison had not given his right name, recommended him to the clerk as being all right, whereupon the \$3 was given him on the bogus paper. About 9 o'clock the clerk went to the Licking County Bank and Trust company to exchange the check and was informed that they had no account under such a name.

A search was immediately started and Robison was located in Kern's saloon. He accompanied Allen back to the bank and declared that he had an account with the Licking County bank, and in making the bluff good pretended to call the bank over the phone. Mr. Spicer, manager of the Hungarian bank, then told the man he would have to pay the money or be arrested, whereupon Robison is said to have agreed to go to his "home on Hudson avenue" and get the money. Mr. Spicer started to accompany Robison to "his home" when the latter broke and ran, and was not apprehended until late in the afternoon when the case was reported to the police.

### UTICA.

Utica, July 22.—As a result of an argument over a ring, which it is alleged that one of Elben's boys stole, but which was later recovered, Floyd Elben, the house-painter, and Chas. Welsh, the glass-cutter, had quite a scrap Tuesday morning. It is said that Elben and the lad were passing Welsh's house and that Welsh rebuked the boy for the deed. This, it appears, made Floyd angry, and he called Welsh several hard names and Elben came off decidedly second best in the encounter that followed. Up to a late hour Tuesday night no arrests had been made.

Miss Kate Litzberg, Mrs. Alex Penick, Mrs. S. F. Shields and Miss Anna Penick are attending the Baptist assembly at Hiawatha park, this week.

The Utica boys were unable to hit Munk, the Fredericktown pitcher, while the Utica pitchers were hit hard and timely. Fredericktown plays here Thursday and Utica goes to Belleville Saturday.

Lawrence, the 9-year-old son of Mr. and Mrs. Owen Helphry, fell from a peach tree at his home north-east of town, last Saturday and broke both bones of his right forearm. The injury was dressed by Dr. Smith.

### FREE DANDRUFF CURE

**Money Back From Evans Drug Store if Parisian Sage Does Not Cure in Two Weeks.**

Can you ask anything fairer than that? That's what one would call the square deal in earnest. But we, the Groux Mfg. Co., of Buffalo, N. Y., American makers of Parisian Sage, aren't afraid to make this offer, because we know that Parisian Sage will make good every time.

And we'll go still further. We'll guarantee Parisian Sage to stop itching hair or itching of the scalp, or money back.

It removes all odors from excretions of the scalp which are most noticeable in summer time, and keeps the scalp cool, clean and white.

It will make ladies' hair beautiful, fluffy and luxuriant. It is the most invigorating hair dressing known to mankind.

"After using one bottle of Parisian Sage, I now have better growth of hair, and I found your hair restorer pleasant to use. After the first application the dandruff disappeared, and my hair stopped falling out. I now recommend Parisian Sage to all my lady friends."—Lottie Real, 111 Mt. Hope avenue, Rochester, N. Y.

Parisian Sage costs 50 cents a large bottle at Evans Drug store, Warden Hotel block, or direct by express, all charges prepaid, from Groux Mfg. Co., Buffalo, N. Y.

## NOSE CUT OFF IN FALL INTO GLASS CASE

**FRANK LEWIS MEETS WITH PECULIAR MISAP AT UNION BLOCK.**

**Surgeon Sewed Severed Nose Back in Place With Fifteen Stitches.**

"Red" Lewis cut off his nose—not to spite his face, but because he couldn't help it.

Lewis, whose first name is Frank, but who is better known

the soubriquet of "Red," is employed at the Palmer ice cream and candy store on North Fourth street, and Wednesday afternoon agreed to assist in carrying a glass show case in

to a room in the Union block. He was boosting one end of the show case while another man had hold of the other end, when an extra twist caused

"Red" to make a dive into the glass, rooting about until the organ of smell had become wholly disconnected from

the rest of his face. His under lip and chin were badly cut also. Shying at the suggestion of traveling down

the hill of life without the means of smelling the flowers that bloom in the spring, "Red" agreed to hold still

while Dr. W. H. Knauss gave the disconnected nose an antiseptic bath and then put it back in place with fifteen

stitches. The physician also took a stitch in the man's chin. Thursday, Lewis informed his friends that he would endeavor henceforth to keep the

"piece."

In Sugar Time.

When brooks have burst their fetters off  
And singing gladly, glide away.  
When all the world has freed itself  
From winter and the fleeting day.  
There wells from broken ivy and bark  
The nectar of the maple tree—  
And through the budding forest deep  
Is heard the sound of revelry.

Ah, where the druids hold their sway,  
Adown the forest's winding way  
I walk with one whose face is fair,  
With lips of cherry, eyes of May.  
Here in the sea of forestry  
We cruise within a fairy realm—  
No fear, no pain, no somber thought,  
With Love, triumphant, at the helm!

Between us hangs a limpid draught  
Of nectar slopping to and fro—  
But ah, the maple never gave  
Such nectar as her lips, I know!  
For there is brewed the wine of love!  
From out the chalice of her lip  
Intoxicated with I drink  
Ambrosia that a king might sip!

Back, Time! Grim tyrant, hard and cold!  
And let me walk once more with her.  
Oft, that! And let my yearning eye  
See on beyond this palling blur  
To arching silhouettes of peace  
Where gurgling rivers croon and sing—  
To where a maiden waits for me  
In Mapeland where Love is King!

—O—O—O—

## ASHBROOK

DELIGHTS OLD SOLDIERS AT THEIR PICNIC AT BUCKEYE LAKE WEDNESDAY.

Veterans Greatly Interested in Mr. Ashbrook, Knowing Him to be Active in Their Behalf.

Of all the speeches delivered at the big reunion of soldiers of Licking and adjacent counties held at Buckeye Lake on Wednesday of this week, none were more enthusiastically received than that delivered by our own Hon. W. A. Ashbrook. In a very complimentary way he thanked the old soldiers for the privilege of speaking to them a short time, and while he could not address them as a fellow comrade on account of not having been born until after the close of the great civil war, he assured them that in heart and sympathy he was their fellow comrade. He said that he belonged to about a dozen secret societies and was glad to wear emblems on the lapel of his coat, yet none of them meant so much as the little bronze button worn by the veterans. He further said that he was not only glad to be honored as representing them in congress, but that he considered it a great privilege and duty to represent them in the best way that he could. He assured the old veterans that Uncle Sam has not and never can, repay them for the service that they rendered their country. After a very humorous closing of a speech that was highly appreciated he was most enthusiastically applauded. The old veterans are greatly interested in Mr. Ashbrook for they esteem him as the most useful man in congress in behalf of their interests of any congressman that ever represented any district from Ohio for many years.

## MR. COPPER IN CITY THURSDAY

Gives Out Facts in Alleged Shortage of Tammage at Columbus.

Mr. Frank P. Copper, district passenger agent for the Baltimore and Ohio and the Baltimore and Ohio Southwestern railroad, who has offices in Columbus and Newark, was in the city Thursday and talked to a number of friends at the B. & O. depot regarding the reports of the alleged shortage of the W. W. Tammage, the Columbus agent. He didn't happen to see any of the newspaper men Thursday. He said that he "had been dragged into the mess; that he had nothing to do with Tammage's accounts and that he had never promised and that it was never in his power to promise, any extra money to Tammage for expenses over and above his salary. He said, however, that he had promised to take the matter up with their superiors and endeavor to get Tammage an increase over and above his salary to cover expenses incurred."

## WALL STREET

Stronger Than Any Prospective President Says Mr. Ingalls—Predicts Short Flurry.

Hot Springs, Va., July 23.—Wall street is bigger and more powerful than any prospective president of the United States, according to Melville E. Ingalls, formerly president of the Big Four and Chesapeake and Ohio railroads. A strong admirer and supporter of William J. Bryan, Ingalls in an interview published yesterday declares that radical though the Commager is, the flurry following his election would be short.

"If Bryan is elected," said Ingalls, "there will be a — of a time in the street for about a month. Then things will quiet down. The election of Taft will probably not cause any such flurry but in either event conditions will be about the same within a month after the election."

## PLANS

Nearing Completion for Three-Story Apartment House on Fourth Street.

Plans are being completed for the erection of a three-story pressed brick apartment house on the Bell property on north Fourth street, across the alley from the Plymouth Congre-

gational church. Possession will be taken August 1, by the Coulter-McKay Realty Co., for which incorporation papers are being taken out today. The property is 200 feet deep, with a width of 54 feet. The apartment house, composed of six suites, will be erected on Fourth street, and in the rear will be placed the house now facing on Fourth street, which will be remodelled suitable for two separate family apartments.

## "SOFT WEAR" OF SOME HARDWARE

That word, "hardware," is a terrible misnomer at times. Who of us has not experienced the disappointment of buying the nails and tacks that bent up under the hammer and positively refused to go straight into the wood? And the new saw that cut jerkily—when it condescended to cut at all; the plane that would not shave true, the hammer that continually "lost its head" and made us lose our temper? Who has not been stuck on "soft metal" hinges that would not hold together; locks that would not lock, and screws with "detachable" heads?

One of the great trials of hardware buying is to get it of reliable and durable character, and even when you pay what looks like exorbitant prices for the goods they turn out to be far inferior in quality. It is not wise to experiment in the purchase of any kind of hardware, whether for indoor or outdoor use. The best plan is to study reputations in the hardware trade and see who bears the best name for giving solid values, for offering only articles of reliable make—standard goods that are guaranteed or money refunded? This distinction belongs hereabouts exclusively to the Crane-Bliss Hardware company, South Park Place, as their customers cheerfully testify.

A vast audience greeted Rev. Bolton at the meeting last evening, and great interest was manifested throughout the entire service. The subject was "Eventful Days in the History of God's People." After mentioning those of the past, he spoke of the day of one's conversion as the most eventful day in his life. The hearts of the Christians have been encouraged by a number of conversions this week. A new speaker will address us tonight. Song service 7:15; preaching service at 7:30.

## TAX ON BACHELORS

Town of Columbia, Mo., Has Passed Unusual Measure at Instance of Unmarried Women.

The town of Columbia, Mo., has a tax of \$50 a year on bachelors. The marriageable young ladies of the town are charged with having lobbied the measure through the council. It would seem to be up to the bachelors to get busy with the council and get through another measure to impose a fine of \$50 on each marriageable young woman who gives a bachelor the mitten. This is the day of reciprocity, referendum, reprisal and retaliation.

## FORT WAYNE, IND. ON FIRE

With Enthusiasm Over a Wonderful Discovery.

A well known scientist recently introduced to the people of Fort Wayne, a discovery resulting from years of hard study, extensive travel and much experimenting that has become the talk of thousands and has set that city on fire with enthusiasm over the many wonderful things it has done. Scores of people who have suffered for years with some chronic ailment have been restored to perfect health after using the discovery a short while. The discovery is principally composed of a collection of roots that are soaked in hot water, then the juice is extracted from them. It is called Root Juice. Many say that the energizing effects of one swallow of the juice is almost instantaneous. It seems that it relieves almost any trouble of the stomach, bowels, bladder, kidneys and liver and that it's soothing, healing and tonic action on the digestive and secretory organs is so rapid that even some of the worst cases of indigestion, constipation, nervousness, kidney troubles and rheumatism are perceptibly benefited from the very start.

CARD OF THANKS. The relatives of Prof. G. E. Wright desire to express to their friends their deeply felt appreciation of the many kindnesses tendered and proffered to them during their anxiety and sorrow, and to assure them that their burdens were lightened and trials soothed by their services.

The Store That Serves You Best

## THE RESPONSIBILITY OF PARENTS

Three boys were before Judge Black of the juvenile court in Columbus the other day, all charged with breaking into a shop and stealing tools and a bicycle. It was their first offense, so the judge recommended that the parents of the boys take them home and use the switch on them, an evidence of parental authority that is most impressive and lasting, yet too little seen in these days when boys are permitted to run wild in the streets of the cities day and night, hunting cover only when the curfew is sounded.

There's too little responsibility felt by parents. If they could be made to feel it as they should the question of what to do with the boys wouldn't be quite so troublesome. It is a hopeful sign of the times that there is a disposition these days to make the parents smart a little instead of the offending youngsters. They have a duty to perform in bringing up their children after bringing them into the world. They are responsible for their care and conduct, to see that they neither become a nuisance in the neighborhood nor a charge upon the public to the extent of receiving the attention of officials and juvenile courts.

## MT. VERNON'S

Reasons for Increasing Tax Levy for the Coming Year.

Mt. Vernon, July 23.—The city tax levy for next year, as fixed by the city council at its meeting Monday night, is 15 15-16 mills, being an increase over this year of nearly 7 mills. This increase is due to two causes, the first being the anticipated loss of the Aiken liquor tax, which amounts to four mills, and the balance of the increase is for the sinking fund, to pay the city's portion of the public improvements, in which is included paving and sewers.

"STAR BRAND SHOES ARE BETTER." STEPHAN'S DEPT. STORE.

W. C. T. U. NOTES.

A splendid meeting was held Tuesday afternoon in the First M. E. church parlors with a good attendance. Mrs. Ruppert led the devotional, reading the 119 Psalm for a

lesson, followed with an experience meeting, many taking part. A short business session followed. It was decided to have Mrs. Jennie White Smith come to Newark the first week in August to do personal work in the city.

An excellent meeting was held and those who missed it missed a treat. Next week's meeting will be a very interesting one and all are made welcome. Adjourned with the Union's benediction.

### ONE CERTAINTY

Some Newark People Fully Realize It Now.

When the back aches from kidney ills.

When urinary troubles annoy you, There's a certain way to find relief; A sure way to be cured.

Doan's Kidney Pills will do it. Newark people endorse this claim.

John W. Lippincott, 127 No. Eleventh street, Newark, Ohio, says: "I suffered from rheumatism for a long time and often had such severe pains across my loins that I could not move until the attacks passed on. There was a constant, dull aching across the small of my back and if I moved quickly or brought any strain on the muscles of my back, I was rewarded with sharp knife-like twinges throughout my body. My back became very weak and the least exertion completely exhausted me. Hearing of Doan's Kidney Pills I procured a box at Crayton's drug store, started using them and they gave me prompt relief. I was so encouraged that I continued their use until entirely free from my trouble." (From statement given November 7, 1904.)

RESULTS TELL.

On Nov. 26, 1907, Mr. Lippincott said: "I cheerfully confirm my former recommendation of Doan's Kidney Pills as the benefit I obtained from their use has remained permanent. I have never been in better health than at the present time and owe my good condition to Doan's Kidney Pills." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

PILES! PILES! PILES!

Williams' Indian Pile Ointment will cure Blind, Bleeding and Itching Piles. It absorbs the tumors, allays the itching at once, acts as a poultice, gives instant relief. Williams' Indian Pile Ointment is prepared for Piles and Itching of the private parts. Sold by R. W. Smith, Newark, 50 cents. 1

You have tried the rest. Now try the best—Admiral Coffee.

## GRANVILLE

Granville, July 23.—Robert Aid, a well known young man of this place, living with his mother, Mrs. Ella Aid, on Broadway, and who is employed by the Toledo and Ohio Central railway company in the gravel pit, south of town, was the victim of a painful and serious accident. He was assisting in setting up the steam shovel. The engineer started to let the chain down in order to put some of the machinery together. Mr. Aid, in attempting to get out of the way, was struck on the back of the head by the chain, making a gash two inches in length, and cutting to the bone. Dr. Barnes attended the injury. Quite a number of our people have left the town for their vacations. Miss Ella Hamilton of Bucyrus, who has been visiting here, has returned home.

The only diversion to break the monotony of the past week was the hay wagon ride of a number of our young people. They chartered a big wagon and went out to a secluded grove in the Welsh Hills where they enjoyed a delightful picnic. Mr. and Mrs. Edward Hilleary of near Johnstown, spent Wednesday with friends in the village.

### A Californian's Luck.

"The luckiest day of my life was when I bought a box of Bucklen's Arnica Salve," writes Charles F. Budahn, of Tracy, California. "Two 25c boxes cured me of an annoying case of itching piles, which had troubled me for years and that yielded to no other treatment." Sold under guarantee at F. D. Hall's drug store.

## MORE OFFICERS ON TRACTION CARS

From now on there will be no more rowdiness on the interurban cars between Hebron and Newark if the interurban officials can prevent it. They have had three disturbers of the peace brought before the court and punished good and proper, and there will be no let up from now on. Two additional officers have been placed on the cars. They are plain clothes men but are armed with the proper authority to make arrests.
